We explore and we find: WATER - the blue gold with Water Finding Guarantee

STUCK Exploration Inc. is an international operating exploration company that has specialized in prospecting for water, hot water springs, oil and natural gas with its head office in Austria.

WATER FINDING GUARANTEE - We don't charge if we don't find.

Compared to the conventional exploration methods, savings of up to 50% and more can be attained with STUCK Exploration's efficient measuring methods with a **four pillar assessment model**. With the help of STUCK Exploration's team of professionals our water explorations can be implemented efficiently and economically. We offer customers our **unique water finding guarantee!**

We don't charge if we don't find. The customer is provided with a significant cost saving project implementation, on hand of our preliminary inspections for water resources.

STUCK Exploration Inc. works on a success basis

As a traditional Austrian company we are proud to offer quality at the highest level. TRUST is the cornerstone of our society and with this **unrivalled water finding guarantee** we offer our customers the possibility of starting a co-operation with STUCK Exploration Inc., together minimizing the financial risks of possible dry boreholes.

We explore worldwide in collaboration with geologists, hydrologists with their geophysical measurements, radionic practitioners with their unique know-how for water resources. **The four pillar assessment model** enables us to offer our customers **the unique water exploration on a success basis.**

Water - Natural Resource

The global water crisis is affecting industrial countries more and more and water is becoming a limited commodity. After all water is the source of life, and we as an exploration company accept the challenge and are aware of our responsibility to the planet. Do you also want to be independent and use our comprehensive expertise to realize your project? Trust us as your partner. Create your own access to sufficient water, invest in the future now. We will support you.

Our history:

The firm STUCK Exploration Inc. originated from the Austrian company S&K Brunnenbohr Ltd, which was founded in 1999 as a family business. For the last 16 years the company has been operating successfully in the whole of Europe and can look back on numerous successful projects.

Our values:

The foundation of our entrepreneurial activity as a strong, reliable partner with expertise lies in our experience, vision and values. STUCK Exploration's team members are open to new ideas and will turn your exploration project into a remarkable success story.

Our goals:

With our exploration services our aim is to satisfy the steadily rising demand for water resources.

Advantages of working with STUCK Exploration Inc.:

- Cost savings of more than 50% on the project costs
- Minimize the risks of dry boreholes
- Trust and confidence in us as a strong partner

Our customers include:

- Trade and Industry
- Urban Councils & Municipalities
- Farming and Wine Co-operatives
- Energy companies
- Drilling Companies
- Private Individuals
